Employment and Benefits

The opportunity to help others and the multifaceted nature of law attracted Mike to study it. Although he had earned a B.S. in anatomy, in the course of his law career-intrigued by the concerns and problems of industry-Mike discovered an interest in and an aptitude for business. Indeed, his clients praise him for his sense of service, his eagerness to preserve their interests and his ability to translate arcane law into cause and effect.

Mike, who is active in a variety of community organizations, was recently appointed to the Board of Directors for the Diamond Lake Education Foundation. Mike is a dedicated family man of four young children. He and his wife, committed to preserving their heritage and to observing their ethnic customs, are also active in the greater North Suburban community.
